It's the Right Thing to Do

California Low NOx Emissions
Gas Fired Humidifier (NX)

It's The Right Thing To Do

The new Nortec GS Series of gas-fired humidifiers provides an industry-first fully condensing high-efficiency model. Nortec has built on this high-efficiency foundation to also introduce a low-emissions GS model (NX) which is tailored to adhere to California state emissions requirements.

Nortec GS
Low-Emissions Model (NX)

We know that productivity and quality of life are directly affected by the indoor environment. The GS NX humidifier will ensure correct humidification for health indoors, while also ensuring the preservation of our world outdoors.

Nortec's GS Series NX model meets California Emissions standards outlined by the South Coast Air Quality Management District (SCAQMD) and is pending Low-Emissions certification by the SCAQMD.

Leading humidification innovation... once again!

Technical Data

GS NX		Low-Emissions Humidifier
Capacities (lbs/hr)		50, 100, 150, 200, 300, 450, 600
Efficiency		> 88%
Exhaust Temperature		130°F / 55°C
Venting		CPVC, BH
Emissions	CO ₂	8.5%
	CO	5 ppm
	NO _x	8 ppm

Nortec is the world's leading manufacturer of commercial and industrial humidification and evaporative cooling products and systems, setting standards with regard to energy efficiency and hygienic solutions.
